Agenda: Ukraine Delegation Visit to Riga, Latvia October 16-20, 2023

In light of Ukraine's convergence with the European Union, the goal of the three-day visit to Riga is to unleash the potential for cooperation among the two countries. The agenda seeks to establish partnerships between governments, universities, NGOs, business support organizations, and businesses in areas such as digital and connectivity strategy, development, academic innovation, and green technology.

The visit would cover a comprehensive program comprised of meetings, roundtables, participation in conference panel discussions, site visits, practical workshops, presentations and networking.

The visit is aligned with the 5G Techritory event – Europe's leading initiative that brings together industry experts, business leaders, top scientists, and policymakers to set the agenda for making a strong 5G ecosystem a reality. Over the years, 5G Techritory has become the leading technology and innovations event in Northern Europe.

Monday, Oct 16	**Travel to Riga**
Tuesday, Oct 17	**Policy Day** • Roundtable and discussion with Latvian policymakers sharing experience on policies for economic growth, digital public services, connectivity and mobility, digital education, innovation and science support, as well as Latvia's experience and strategy related to the EU • Practical thematic workshops sharing knowledge and competence in the fields of cybersecurity, mobility, digital finance, digital skills, construction governance, digital health and digital transformation initiatives. • Networking dinner
Wednesday, Oct 18	**5G Techritory Forum Day** • UA partners are invited to join 5G Techritory – Northern Europe's leading ICT innovations event. • Keynote or participation in panel discussion by Ukraine representative • Conference networking dinner
Thursday, Oct 19	**Site visits and Hands-on Day** • University visits introducing innovation and digitalization in higher education, innovations at medical university, medical data strategy, research in biomedicine and modern training center, Latvia's experience in cooperation with the USA on developing a long-term digital pedagogy strategy and sharing university experience in building EU partnerships. • Innovations showcase in areas of innovation testbeds, 5G, smart cities, mobility, public safety & defense and other. Hosted by leading mobile telecommunication company, LMT. • Practical short trainings on how to understand EU funding and practical tips how to kickstart partner/project search, as well as data protection and compliance in private and public sectors
Friday, Oct 20	**Depart Riga**
